Brief summary

From 04 - 08 July 2022 E³UDRES² hosted its first Bootcamp in the Austrian village of St. Jakob in Deferegggen. 24 international students participated in the event taking place in the middle of the picturesque Tyrolean Alps. For five days, students worked together in four international and interdisciplinary teams on challenges around the theme "The New Sustainable Future Campus". With the support of mentors and experts, they developed concepts for the challenges titled "Lifelong Learning", "Bridging and Sharing Talents", "Living Formats" and "Regional Impact".

The 5-day event was thoroughly covered on E³UDRES² Social Media (especially [Instagram](#)), as well as on the E³UDRES² website.
