

LATVIAN I LIVING LAB

Specifics of this format

Meet your peers on site, match with your team and take on 1 challenge. Let's add a bit of competition – because another team will tackle the same challenge! Be prepared for time management, intensive communication, quick decision taking and creativity sprints. Collaborate with entrepreneurs, mentors and experts to generate ideas and prototypes for 1 of 6 challenges.

Mobility & Locations

You will travel to Latvia for a week from November 6 to 11, to work with your teammates on the challenge you chose.

Team assembly

The teams are built according to your personal preference and your talent. The aim is to achieve the best possible match of different students and their vocational skills and business talents.

Dates & Times

31 October, 6–11 November 2022

The Latvian I Living Lab will kick-off on the *31st of October*. You will start with working online with several meetings. You will travel to Latvia on the *6th of November* for a week to work on your solution.

ECTS

For participating in a Latvian I Living Lab, you will receive 3 ECTS.

This format is perfect for...

E³UDRES² students that want to get international experience, but are unable to commit themselves to an event spanning over several weeks
