Friday, 16 May 2025

Festival Pre-Programme

18:30 – 20:00

Sunset Cycling Special: Science Bike Ride

hosted by Fridays For Future Lower Austria

Have you ever explored St. Pölten by bike? Join us as we cycle through the city together on secured main roads, enjoying short scientific talks during cycling breaks and imagining cities with fewer cars and more bike-friendly spaces! Great music and free refreshments along the way included. Note that children under 16 must be accompanied by a guardian.

Rathausplatz
St. Pölten

Monday, 19 May 2025

10:00 – 18:15

IAFeS Netties Conference

hosted by the International Association for eScience (IAFeS)

The 22nd edition of the NETTIES conference, themed "Human-centered solutions for the age of digital transformation and artificial intelligence in regional and global contexts", will be bringing international researchers to St. Pölten.

→ [More info & registration at iafes.net](https://iafes.net)

Campus St. Pölten

19:00 – 21:00

Pint of Science

For the first time ever, the E³UDRES² Science Festival brings Pint of Science, an international festival happening at the same time worldwide, to two locations in the city center of St. Pölten. Enjoy an entertaining evening with captivating science talks, good company and cool drinks.

Note that tickets are required to join a talk.
