WELCOME TO

E³UDRES² SPRING SUMMIT 2025

17–21 March 2025 | Saxion University of Applied Sciences,

Enschede, The Netherlands

The E³UDRES² Spring Summit is an unique opportunity to bring together the vibrant E³UDRES² community, including students, academic staff, administration staff, researchers, regional stakeholders, and selected guests. This summit is designed to foster collaboration, inspire innovation, and build lasting connections across our regions. By engaging with our stakeholders, we aim to build a collaborative network, promote excellence in education and research, and develop digital solutions that benefit our regions. Therefore, this summit will be focused on the theme '**DeepTech for Regions**'.

What to expect from this event

We kick off the summit with the **International Stakeholders Forum**, where we connect with our regions and collaborate with stakeholders. This session focuses on fostering innovation and excellence in education and research, as well as building a collaborative stakeholder's network where we create a networking, knowledge and guidance hub. We celebrate the steps we made so far in creating our E³UDRES² innovation hubs.

In collaboration with the 9 E³UDRES² Innovation Hubs and the 4 Prospective Applied Research Centers of Excellence we will be hosting a **Science Festival**. Here participants can connect with the different hubs, discuss possibilities for collaboration and explore the research being conducted at the different universities.

The **General Assembly** is the heart of our summit. This networking event brings together the entire E³UDRES² community to inspire, generate ideas, and establish meaningful connections. We will showcase our successes, reflect on our achievements, and discuss future steps to continue our journey of excellence.

Essential Meetings and networking ensure the continued success and strategic direction of our alliance, we will conclude the conference with a series of essential meetings. These include sessions for the Executive Board, Student Board, Board of Coordinators, and Site Coordinators. Additionally, we have allocated time for work package meetings, Centers of Excellence meetings and thematic discussions. During the week we provide a platform for focused collaboration and the exchange of innovative ideas.
